SAMMIE VITALE

Wife and mother of three from small town Kansas, Samantha Vitale has continued her writing journey and has put another incredible story onto paper.

Even though Samantha's love of writing began at the age of ten, she struggled with self-doubt about her ability, which is why she published her first book nearly ten years after she wrote it. *Emerald Rain*, (KDP, 2014) sparked her desire to continue writing novels. For Samantha, writing began as poetry, which turned into daily journaling and developed into short stories.

Samantha creates her characters with pieces of herself, bringing those traits to life in her books. She lets her imagination run wild and takes you along for the adventure, a skill that is displayed beautifully in her series, *Sweet Imperfections*, (2021) and *Perfect Imperfections* (2023). Her pursuit to become a published and bestselling author is nurturing her belief in herself and what is possible, just the way she aims to do for her readers.

Samantha also coaches aspiring authors and beginning writers. Find out at sammie'scorner.net

You will find yourself lost in her pages and eager for her next book. Until then, you will find Samantha enjoying quality time with her family, spending time in nature, and writing more amazing stories in South Central Kansas.

Sammie also hosts a Facebook group for aspiring writers

"Sweet Imperfections is a coming of age story that I wish I had the opportunity to read in high school. There are great examples of what a functional family looks like as well as healthy friendships and relationships. It captures and draws you in, makes you laugh, cry, hope, and FEEL what is happening as you read. With ups and downs and a great depiction of what is going through a teenage girl's thoughts, I recommend this book 100%!"
